

# Verdant Village

## PRACTICAL TREE MANAGEMENT FOR LOCAL COUNCILS

---

Verdant Village provides a simple, structured approach to managing tree records, inspections, and community reporting — designed specifically for local councils.

**Already supporting parish and town councils in maintaining clear, consistent tree records.**

### Why this matters

Councils are expected to demonstrate that trees are inspected, risks are considered, and appropriate action is taken.

1. Clear record of inspections
2. Evidence of risk assessment
3. Documented actions and decisions

### What Verdant Village provides

1. Tree records and mapping
2. Inspection logging and scheduling
3. Risk tracking and prioritisation
4. Community reporting tools
5. Full audit trail of actions

# Simple, transparent pricing

Council Size	Annual Fee
Small parish (under 1,000 residents)	£195*
Standard parish (1,000–5,000 residents)	£295*
Larger councils (over 5,000 residents)	£395*

*\* All prices are inclusive — no VAT is charged.*

No long-term contracts. Start with a single year.

For most councils, this works out at just a few pence per resident per year.

## Next steps

Request a short demonstration tailored to your council.
